I don't know what we would do without our Friends - Friends with a capital "F" - Friends of Avon Lake Public Library. The majority of Library programming is underwritten by the Friends. Over the years, if you've enjoyed Jungle Terry and his hand-held menagerie, a magician, a steel drum band or a juggler, or tried your hand at cake decorating, crafts or knitting, then you've benefitted from this wonderful, complimentary organization. This fall you'll be able to take watercolor classes, experience a yoga class, and learn all about tea and tea-brewing. You'll be able to bring the children in your life to the Library for a second railroad weekend brought to you by members of the National Railroad Association MCR Division 4, and stock up on good reads at the Friends' used book sale. Most importantly, you will be able to become a Friend yourself. Sign up at the Friends' "Fall Friendzy" in September - enjoy the benefits of Friend-ship, and take advantage of the opportunity to win one of 10 prizes from local businesses. Thank you to our volunteer Friends for making all of this possible.

Authors, we have authors, and they are all travelers! Walk the Appalachian Trail with Robert "Buckeye Flash" Grau (every hiker has a trail name), travel around the world with worldly grandmother Marsha Neuman, and soak up Sicily with Francesca Mignosa. In addition, join us for the biennial Lorain County Reads sponsored by the public libraries of Lorain County. This year, we celebrate local history. Join us for all of the LCR programming, especially Neil Zurcher's free presentation at Spitzer Conference Center on October 24. Neil will talk about his many travels around Ohio in his little red 1959 Nash Metropolitan, which will be on display for admiration and photo opportunities.

Staff will provide hands on assistance as you progress through self-paced, interactive computer tutorials (Learning Express and GCFlearnfree) during our laptop labs. A range of tutorials is available, from mouse practice to advanced skills.

We continue to offer one-on-one computer assistance, by appointment. Stop by the Reference desk, or call 440.933.8127 with your questions, to schedule a one-on-one appointment, or to sign up for a Laptop Learning Lab.
